

Alabaré Support & Services for Veterans

Providing a pathway of accommodation, support and training for Armed Forces veterans who are homeless or in need of sustainable housing.

How we help

We are a charity providing support and accommodation to British Armed Forces veterans who are homeless or at risk of becoming so. Our pathway of veterans' support also includes help with mental wellbeing and access to training and employment opportunities. Our homes and services for veterans cover the south and southwest of England and north and south Wales.

Alabaré teams understand the experiences of serving in the Armed Forces and offer support to help those who have struggled in their civilian lives return to successful, independent lives once more. The support we provide is tailored to each veteran's individual needs, and we work with them to help them move towards their goals.

Our **Alabaré Homes for Veterans** service helps those who may be struggling in their civilian lives and who face homelessness, including those who are sleeping on sofas or in temporary housing, cars or tents. Veterans can apply directly to us or through agencies such as Op FORTITUDE, SSAFA, HM Prison Service, RBL or housing option teams.

Alabaré Boots on the Ground and **Alabaré Veterans' Self-Build Scheme** provide opportunities for veterans to take part in activities and training which help rebuild self-confidence and can become a route back to employment.

If you have served and worry you could become homeless, please get in touch at veterans@alabare.co.uk

“I am eternally grateful for the help that Alabaré has provided; it’s amazing, the accommodation is fantastic, and it’s a nice house. Everyone has been very supportive of my life right now, but it is all about recovery. I want people to understand that there is light at the end of the tunnel.”

Homes for Veterans

We focus on creating a homely atmosphere in all our houses, offering comfortable single occupancy rooms for veterans, with shared kitchens and living rooms. Each resident is supported by their key worker, and together, they create a plan based on their needs and goals. Training and access to other specialist support is also available.

Boots on the Ground

Veterans living in our homes and those in the community who need support can participate in various outdoor pursuits, promoting positive mental health and wellbeing. Many are run by veterans who can provide mentoring and peer-to-peer support.

Partnership working

Our partnerships with local organisations mean we can provide access to opportunities that support veterans' health and wellbeing. Local community connections give veterans access to skills training, paving the way for enhanced career prospects.

Veterans' Self-Build Scheme

Our partnerships with housing developers provide opportunities to gain recognised construction industry qualifications whilst receiving support from Alabaré. Veterans who complete the scheme also have a chance to live in one of the homes they helped build.

Ways to support us
